HE CAN HEAR THE FINEST BATTLE CRIES FROM ANYWHERE IN THE WORLD

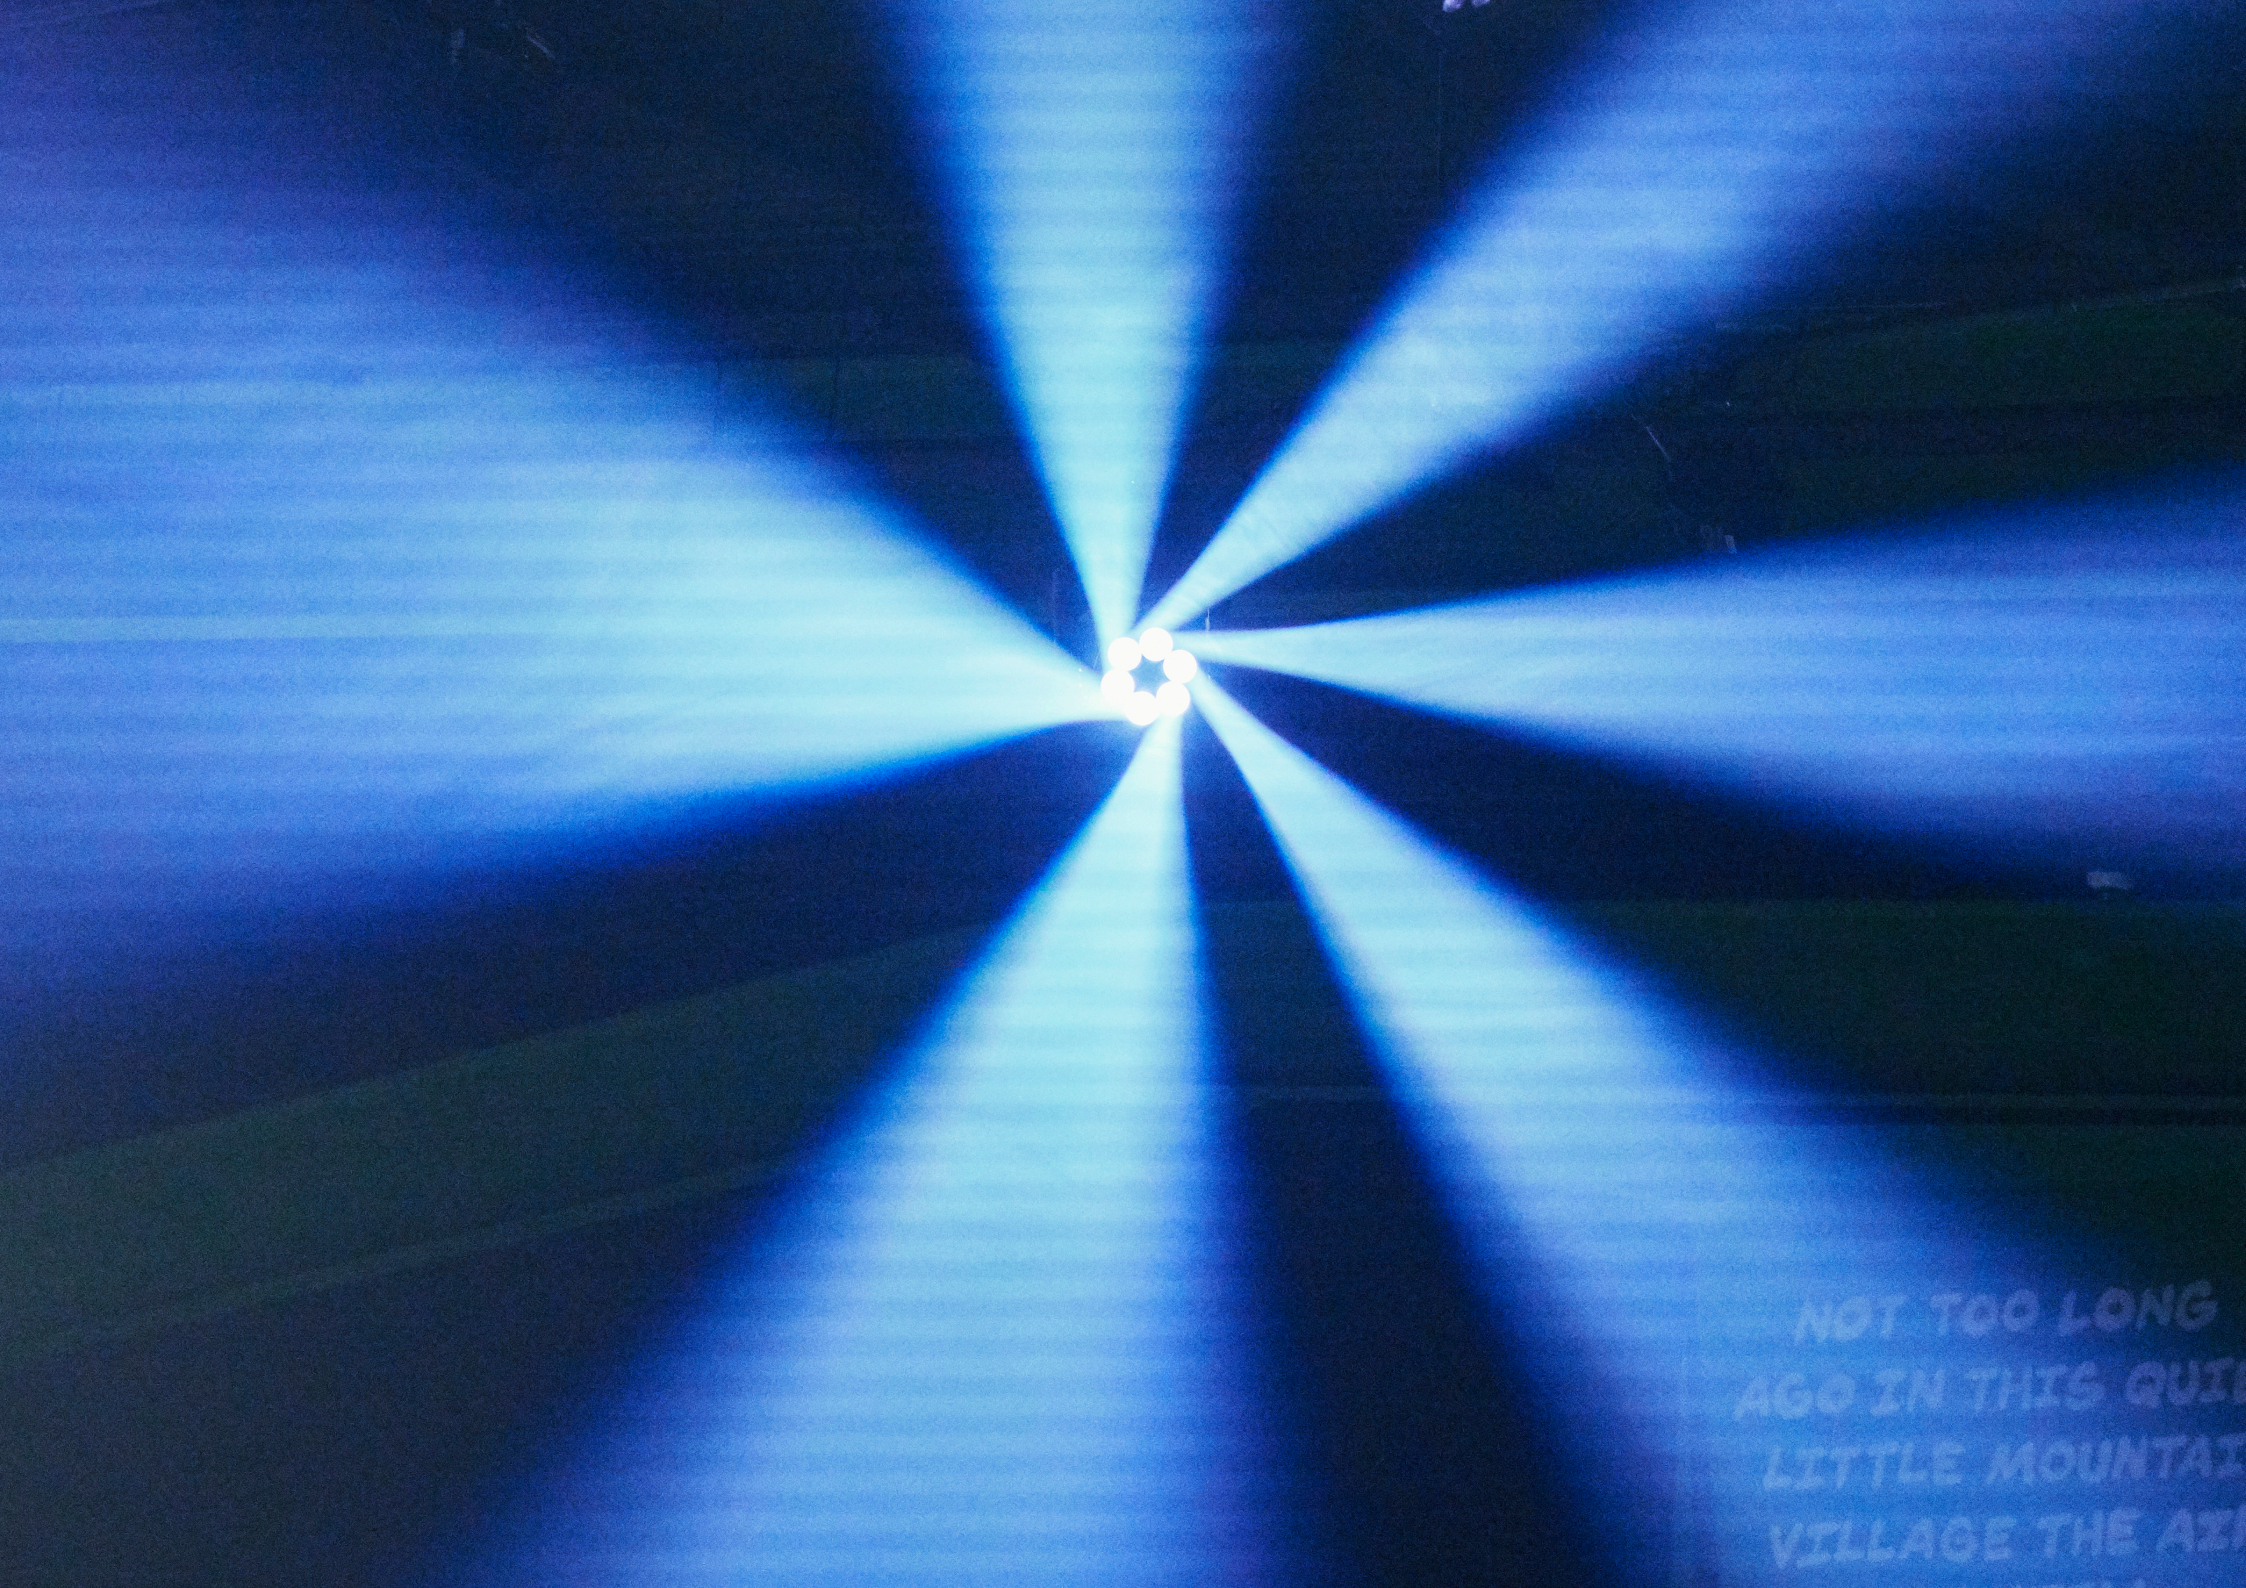

## Intimidator Wave IRC

The Intimidator Wave IRC is a magnificent moving light array with 5 independently controlled heads that project narrow, razor-sharp beams of lights. Each moving head has a bright quad-colour LED for infinite colour-mixing capabilities. The Intimidator Wave IRC can be operated with the control panel, or the optional IRC-6 remote control. Up to 4 Intimidator Wave IRC lights can be linked together as one to create stunning coordinated effects.

LITTLE MOUNTAIN  
VILLAGE THE AXI

## Intimidator Trio

The Intimidator Trio is an innovative, LED-powered moving head with beam, wash and effect features. It allows you to seamlessly change from a narrow beam to a wide wash with the motorized zoom. Its continuously rotating honeycomb delivers the excitement of an effect light and you can generate complex looks easily with built-in, eye-catching auto programs with zone control. The Intimidator Trio features built-in Totem mode that allows the beams to remain focused on the dance floor and coordinated master/slave programs for up to 4 fixtures gives an advanced look with no programming.

A photograph of a SlimPAR Q6 USB LED wash light fixture. The fixture is a low-profile, circular light with six bright white LEDs arranged in a hexagonal pattern. It is mounted on a ceiling and is emitting a strong, vibrant blue light that illuminates the surrounding area. The background is dark, and the ceiling structure is visible.

## SlimPAR Q6 USB

Featuring 6 quad-colour LEDs SlimPAR Q6 USB is a low-profile, high-output quad-colour (RGBA) LED wash light with built-in D-Fi USB compatibility for instant wireless connectivity. It is controllable via master/slave, DMX, standalone modes or the point-and-shoot IRC-6 remote. It also features multiple user-configurable settings. SlimPAR Q6 USB creates natural-looking colour temperatures thanks to punchy amber LEDs. Its flicker free operation makes it well-suited for video productions. With no moving parts, the fixture is ideal for applications where silence is essential.

## SlimPAR Q12 USB

SlimPAR Q12 USB is a low-profile, high-output quad-colour (RGBA) LED wash light with D-Fi USB for instant wireless connectivity. It is controllable via master/slave, DMX, standalone modes or the point-and-shoot IRC-6 remote. It also features multiple user-configurable settings. SlimPAR Q12 USB creates natural-looking colour temperatures thanks to punchy amber LEDs. Its flicker free operation makes it well-suited for video productions. With no moving parts, the fixture is ideal for applications where silence is essential.

TOO STILL...

**SAFETY RULES**

- 1. WAIT YOUR TURN
- 2. NO TRIPLE FRONT FLIPS
- 3. NO SHOES
- 4. NO RUNNING

The need for a high number of house lights is reduced due to the capabilities of the performance lights

## COLOURband PiX

Great for use as a powerful wash with the additional eye candy of pixel mapping effects, COLOURband PiX is a must-have fixture for mobile DJs or club installers looking for high-impact visuals on a budget. Full-size, linear pixel mapping fixture easily generates video effects and animations when multiple units are used together. Individual control over 12 tri-colour LEDs allows for custom looks at any event and impressive, pre-built programs are accessible with or without DMX.

## Intimidator Wave IRC

- Magnificent moving light array with 5 independently controlled heads
- Projects narrow, razor-sharp beams of RGBW light
- Link up to 4 fixtures (20 heads) to create eye-catching synchronized shows in Automated, Sound or Master/Slave mode
- Project light where you want it with user-selectable tilt ranges
- Simple navigation and a full text readout with the full-colour LCD screen
- Convenient, wireless non-DMX control using the optional IRC-6 remote
- Save time running cables by power linking multiple units

## Intimidator Trio

- Innovative, LED-powered moving head with beam, wash and effect features
- Seamlessly change from a narrow beam to a wide wash with the motorized zoom
- Continuously rotating honeycomb delivers the excitement of an effect light
- Generate complex looks easily with built-in, eye-catching auto programs with zone control
- Built-in Totem mode allows the beams to remain focused on the dance floor
- Coordinated master/slave programs for up to 4 fixtures gives an advanced look with no programming
- Set, save, and recall 1 scene directly from the full-colour LCD display
- Convenient, wireless non-DMX control using the optional IRC-6 remote

## SlimPAR Q6 & Q12 USB

- Low-profile, high-output quad-colour (RGBA) LED Par
- D-Fi USB compatibility for wireless Master/Slave or DMX control
- Generate a broad spectrum of colours and achieve natural-looking color temperatures with punchy amber LEDs
- Flicker-free operation suitable for on-camera use
- Easily control static colours and automated programs with the optional IRC-6 remote
- Ideal for quiet applications due to silent operation and no moving parts
- Increase standalone versatility with multiple user-configurable settings
- Save time running cables and extension cords by power linking multiple units

## COLOURband Pix

- Full-size LED strip light functions as a pixel mapping effect, blinder or wall washer
- Convenient access to multiple pre-built programs with or without DMX
- Increase flexibility with on-board 3- and 5-pin XLR DMX connectors
- Includes multiple DMX personalities for a wide variety of programming styles
- Nearly eliminate multicolour shadows with high-power, tri-colour LEDs
- Achieve flicker-free video operation with high-frequency LED dimming
- Ideal for quiet applications due to silent operation and no moving parts
- Sound-activated programs dance to the beat of the music
